

ANNOT SEES GREAT FUTURE FOR THE KELL CAMP

ALBUQUERQUE MAN SAYS THE SURFACE IS ONLY SCRATCHED

"New Mexico is on the eve of the biggest mining boom in its history," said George Annot, of the Alvarado district near Magdalena there are the greatest deposits of zinc in the known world today. Mining men from all parts of the country are flocking in and the future of that section as a mining country is just commencing.

"Years ago when the smelters were running down in that country the owners of the Kelley and Graphic mine assayed the ore and sent all of it to the smelters excepting the zinc. This they put over the dump and today these dumps are being worked. This is not alone true of these mines but a number of others.

"The zinc ore, which is in itself a big proposition, but a small part of the values there. There are lead, silver, native copper and coal, and timber of the best quality makes mining very easy.

"There is considerable gold in all of these mines and the deposit of the most precious metal is said to underlie all of the others, so that they cannot even fancy the mindless wealth of New Mexico."

Mr. Annot, who was in Socorro in the early days when the smelters were running, knows southern New Mexico very well, and what he says of the attention of mining men of the country being attracted to this district carries weight. In the Organ Mountains and the Mogollons as well as in the Magdalena district, hundreds of investors are flocking, and in the Jarilla mountains in Otero county a big smelter is to be erected and mining is being vigorously prosecuted.

Work in Mogollons.
The Mogollons Mountains Investment company will begin sinking a three-compartment vertical shaft immediately on the Little Fannie mine under the supervision of Mr. T. P. Conney, says the Silver City Enterprise. The property is without doubt one of the greatest in the southwest, and has been owned and controlled for many years by Mr. M. J. Ryan and associates of Silver City. Mr. Ryan recently transferring this mine and his other valuable interests in the Conney mining district to the Mogollon Mountains Investment company.

Mr. Morgan Davis, Jr., the well known mining engineer of Scranton, Pennsylvania, president of the company, and Mr. A. D. Blackinton, secretary and treasurer, will arrive at the camp at an early date and decide many important matters relating to the erection of a 300-ton mill and electric power installation.

Development at Brice.
A correspondent at Brice, N. M., writes: The Altamont Mining company has resumed work on its shaft on the Cuprite property.

"This shaft is down 140 feet, and some drifting has been done, from this drift the Altamont company shipped a small carload of ore to El smelter, netting a profit of about \$10 per ton. This ore body has not been explored and the company hopes to continue its work and become a regular producer.

It is important to note that this shaft has encountered considerable water at a depth of 130 feet, often taking out from five to ten barrels per day. The management think that when the water level is reached they will have a clean, rich sulfide ore, which now carries a good quantity of copper and gold.

Something Done on Maude S.
Major W. F. Mozart, New Mexico representative of the Colonial Mining company, owning the famous Maude S. mine at Mogollon, arrived in town this week on his way to the Mogollon district to the Silver City Enterprise. The major returned in July from a year's stay in London, where he had been with the great capitalists of the greatest city in the world, and succeeded in interesting a number of them in American mining property. The gentleman upon his return went to Boston to consult with the directors of the mining company named above. The major had nothing to say regarding the future plans of the company but his arrival in the district at the time of its great mining activity, leads one to believe that there might be something doing on the Maude S. before long.

New Stamp Mill Working.
The new ten-stamp mill at the Black Peak mines was set in motion for the first time last Wednesday and latest reports say it is running like a top. Mr. Thomas J. Triplett, vice president of the company, is on the ground watching developments. Hillsboro Advocate.

ELKS OFFICIATE AT THE FUNERAL OF LATE R. HINDMAN

The funeral of the late Robert Hindman was held yesterday afternoon from the Elks' undertaking parlors under the direction of Albuquerque lodge, No. 461, of the Elks. The Albuquerque lodge took charge of the funeral at the request of the Kingman, Arizona, lodge, of which deceased was a member. The ritual of the order was observed by the officers of the lodge and an address was delivered by the Rev. Hugh A. Cooper, pastor of the Presbyterian church. The pall bearers were as follows: Messrs. F. E. Sturges, J. W. Mallette, Simon Stern, George Moore, J. E. Miller and F. A. Nohl. J. O. Hindman, of Nowata, Indian Territory, brother of deceased, was present. Mr. Hindman was a prominent Elk and was a member of the Order of Railroad Conductors, having served on the Santa Fe.

ALL WALKS OF LIFE

Herpicide Is Used to Cure Dandruff.
E. H. Lyon, New York, N. Y. says: "I am very fond of Herpicide and enjoy using it. It is refreshing." Dr. J. H. Bush, Toledo, Ohio, writes: Newbro's Herpicide has given me better satisfaction than anything I have ever used." Mrs. Borkey, of Chadron, Neb. says of Herpicide: "It cleaned my head of dandruff and stopped my hair from falling out. It is the best remedy for dandruff I ever used, and I have used a great many."

R. S. Coleman, Ann Harbor, Mich. says: "I have used two bottles of Herpicide and have derived benefit therefrom." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. H. Briggs & Co., Special Agents.

Meeting Tonight.
A meeting will be held tonight at 7:30 o'clock in the Elks' lodge rooms at which talent will be engaged for the Elks' Minstrel to be put on in Elks' theatre in the near future. All talent is cordially invited to attend the meeting tonight, whether they belong to the Elks or not.

BIG WOOL SHIPMENT WILL WIND UP YEAR FOR LOCAL MILLS

The Albuquerque Wool Scouring mills are cleaning up for the season and have a half million pound shipment under way, the major portion of which is being sent to Boston merchants and mill owners. The fall clip was about one-half of what it is usually from the fact that the sheepmen of New Mexico were all in the best financial condition imaginable and as the sheep winter much better when not clipped, there were practically few clip. The lamb crop of the past season was one of the largest in the history of the territory and it is

Lap Robes at \$2.00 and up. Blankets at \$1.50 and up.

Albuquerque Carriage Co.

That's too bad! We had noticed it was looking pretty thin and faded of late, but naturally did not like to speak of it. By the way, Ayer's Hair Vigor is a regular hair grower, a perfect hair restorer. It keeps the scalp clean and healthy. Sold for 60 years. J. C. Ayer & Co., Lowell, Mass.

conservatively estimated that over a million head went out of this territory for which the sheepmen of New Mexico received approximately \$2,000,000. The ranges of New Mexico for the coming year are practically assured and the sheep and cattlemen will have another year of prosperity. Out on the desert the grass is tall enough to be moved and the gramma grass is coming up beautifully under the old grass on account of the increased moisture.

Name Stamped in Gold

On prayer books, bibles, pocketbooks, music rolls or other leather or cloth goods, adds to the value of the gift. Ask your dealer or see Mitchell and Lihgow, bookbinders, at the Journal office.
